WASHINGTON, D.C. 20505

23 November 1981

Mr. Laurence G. Pickering  
Director, Office of Systematic Review  
Bureau of Administration  
The Department of State  
Room 1239, New State Building  
Washington, D.C. 20520

Dear Larry:

This letter is in reply to Mr. William Slany's memorandum of 5 October 1981 to CDC/SR under the subject of "Clearance for Publication of Foreign Relations of the United States, 1951, Volume VII, Korea and China, Part 2." The Classification Review Division and the Directorate of Operations concur in the release of your proposed footnote to the last substantive paragraph of telegram 1749 from New Delhi, November 15, 1951 (46-47 XAM).

We also concur with Mr. Slany's observations in his memorandum of 9 October 1981 that declassification by the Joint Chiefs of Staff in 1974 of CINCFE telegram C58575 (March 25, 1951) removes any need for us to assert classification for this item cited in 323 JUL. Further, we have no requirement to assert classification for document 3 in the August 17, 1951 memorandum (289 JUL).

We continue to assert classification for:

- (1) G. 36 -- Department telegram to New Delhi 1029, November 17, 1951 (49 XAM), and
- (2) G. 37 -- Memorandum by Perkins to Allison, November 19, 1951 (51-52 XAM).

If this pulls together all the remaining loose ends concerning the volume, we will be prepared to provide our final clearance.

Sincerely,

Chief, Classification Review Division  
Office of Information Services  
Directorate of Administration

Dear Larry:

In response to your letter of 5 October 1981, in which you included comments of the NSC regarding 1952-54, Volume I, General Economic and Political Matters, we offer the following keyed to the corresponding paragraphs of your letter.

1. We concur with your response to NSC regarding our previous review and concurrence.
2. NSC is correct in that the Agency did declassify NSC 163 and NSC 163/1 in response to an earlier FOI request. We, therefore, withdraw our objection to release of portions of pages 21-1297 and 21-1299 previously marked by us for deletion. We regret this oversight and are merging certain of our records in an attempt to preclude a recurrence of similar incidents.
3. We are unable to explain the reasons for our previous request to delete the name Herbert Miller, and can now only assume it was done in error. Thus, we do not want to delete the same name from page 21-2140 (corrected by telephone to read 21-1240) of Volume I.

Sincerely,

Chief, Classification Review Division
